Software Development and Services Agreement

Date: June 17, 2026. **Parties:**

1. **Developer:** "TechWave Solutions Ltd.", Registration No. 998877, Address: London, UK.
2. **Client:** "Global Logistics Corp.", Registration No. 112233, Address: New York, USA.

1. Scope of Services: The Developer agrees to design, develop, and test a customized "Inventory Management System" (the "Software"). The project shall be completed in three phases as outlined in Exhibit A.

2. Acceptance Criteria: The Client shall have 15 business days to review the Software upon delivery of each phase ("Review Period"). If the Client does not provide written notice of rejection within the Review Period, the Software phase shall be deemed accepted.

3. Intellectual Property Rights: Upon full payment of the agreed fees, all right, title, and interest in and to the developed Software, including source code, shall transfer to the Client. The Developer retains ownership of its pre-existing tools and methodologies used during development.

4. Warranty: The Developer warrants that the Software will perform substantially in accordance with the specifications for 90 days following final delivery. This warranty does not cover defects caused by third-party software or unauthorized modifications by the Client.

5. Indemnification: The Developer agrees to indemnify and hold harmless the Client against any third-party claims alleging that the Software infringes upon any copyright, patent, or other intellectual property right.

6. Termination: Either party may terminate this agreement with 30 days' written notice in the event of a material breach that remains uncured. In such event, the Client shall pay for all services rendered up to the date of termination.

7. Governing Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New York, USA.
